Grants and Contracts

Lead Principal Investigator or Project Director of six grants since 2008 totaling \$3,432,560, two that began in 2006 and continued to 2010. Four, a total of \$1,517,105, were awarded since 2011. Total awards as Principal Investigator (PI) or Project Director (PD), \$5,415,051, since 1991. Total funds as PI or co-PI since 1991 is \$5,527,833. Relevant and significant grants received early in my career include funding from National Oceanic and Atmospheric Administration NOAA to study Climate Variability and Household Welfare in the Andes: Farmer adaptation and

the use of forecasts in decision making (1999-2003); and funding from the Small Ruminant Collaborative Research Support Program (1991-1997). In the table below, **C** denotes competitive grant; **I** denotes invited; ***Bold italic*** Team Leader. U.S. Department of Agriculture (USDA) uses Project Director instead of Lead Principal Investigator. Principal Investigator in **bold**.
